FOLK CHARMINGS BORDER:

Here's another option for finishing the set of 4 Folk Charmings - why not stitch them as part of the border provided, by inserting them as indicated on the graph below, using the color keys provided with each Charming.

DO NOT stitch grey dash lines - those are for placement of each design only.

- to view the stitched model

The charm from each “Charming” goes in the corner ‘box’ by each design (the Kreinik facets from each Charming are tacked in a square as indicated below).

Kreinik Green Facets (009): tack in place with one strand (1X) of similar colored floss (such as DMC 890), were indicated by black backstitch lines in each corner box.

STITCH COUNT: 77W x 77H
